Beach Read Emily Henry,2024-10-01 Emily Henry's beloved New York Times bestselling novel now in this stunning hardcover collector's edition featuring: • A shimmering revamped cover • Sunset sky art endpapers and sprayed edges • Gold foil stamped case, and... • A new introduction from the author and a bonus January and Gus epilogue, "The Layover" A romance writer who no longer believes in love and a literary writer stuck in a rut engage in a summer-long challenge that may just upend everything they believe about happily ever afters. Augustus Everett is an acclaimed author of literary fiction. January Andrews writes bestselling romance. When she pens a *Happily Ever After*, he kills off his entire cast. They're polar opposites. In fact, the only thing they have in common is that for the next three months they're living in neighboring beach houses, broke and bogged down with writer's block. Then one hazy evening, one thing leads to another and they strike a deal designed to force them out of their creative ruts: Augustus will spend the summer writing something happy, and January will pen the next Great American Novel. She'll take him on field trips worthy of any rom-com montage, and he'll take her to interview surviving members of a backwoods death cult (obviously). Everyone will finish a book and no one will fall in love. Really. "A tender, thoughtful, and very funny book...it's not only convincing but infectious."—The New York Times Book Review

You're So Money Farnoosh Torabi, 2008-04-15 Your Good Life Starts Now Live beyond your means but spend within them. Take your steady out for that \$350 dinner after the big promotion. You might just have to eat PB&J for a week to make it happen. Splurge when it makes sense. Buy the designer jeans you can't live without in your size, at full price. But you better walk away from last season's must-have sweater, even if it is 75 percent off! Make more money with your money. Invest in stocks to make the big bucks and start saving for retirement now. You want to be debt-free in your swinging sixties. Have it all . . . just not all at once. Want a Mercedes more than anything in the world? You can make it happen . . .but probably not while sharing a summer beach house with your friends. Finally a savvy, realistic finance book for those of us who love our Starbucks mocha lattes and Razr cell phones but don't want our Jimmy Choo shoes or Bose headphones buried under a pile of burgeoning debt. Twenty-something financial reporter Farnoosh Torabi tells you that you can satisfy your sophisticated tastes and achieve financial bliss. The key: prioritizing your expenses according to what you want the most—splurging when you can and saving on other things. From sensible grocery shopping (yes, you can have your organic yogurt and eat it, too!) to cyberbanking, empower yourself to live a guilt-free, Gucci- and gadget-clad good life without sacrificing financial security.

The Money Manias Robert Sobel, 2000

The 5 Money Personalities Scott Palmer, Bethany Palmer, 2012-12-31 The hidden key to a healthy relationship is not

just managing money but understanding how the other approaches money. Every couple argues about money. It doesn't matter if you've been married for 40 years or dating for 4 months, money touches every decision you make as a couple—from the \$5 cup of coffee to the \$50,000 car. And when the two of you don't see eye-to-eye on how much to spend or how much to save, that's when arguments turn into ugly toxic fights that leave both persons feeling hurt and angry. It's why money has become the #1 cause of divorce in the U.S. Obviously, something needs to change. The reason this crisis has not been addressed is because it has never been identified, defined, or given a name. Scott and Bethany Palmer, aka "The Money Couple," have identified and defined this problem and offer concrete solutions to fix it. Once you know your Money Personality, you can get to the root of money arguments and start really working together. You'll discover what has an impact on your loved one's money decisions, and you'll learn how to talk about money in a way that's actually fun! You'll figure out how to put an end to money secrets and lies once and for all. It's not just about money management, and it's definitely not just about overcoming debt. It is a whole new way of living that will change everything in your relationship. Tens of thousands have already been transformed. Are you ready?

Get Rich, Lucky Bitch! Denise Duffield-Thomas, 2018-07-24 Are you ready to get rich? Learn how to break through your money blocks, attract more abundance and start earning what you're really worth. So you want to manifest more money this year. You're not alone. But why does it feel so freaking hard? It's weird and frankly bewildering that the most talented people in the world are often the ones struggling to make fabulous money from their talents. Too many female entrepreneurs sabotage their income and work too hard for too little. Why do most people settle for pennies instead of embracing true wealth? It's not because you're not smart or ambitious enough. You've just been programmed to block your Universal right to wealth with guilt, shame or embarrassment. Even if you're unaware of these blocks and fears, you're probably not earning what you're worth. In *Get Rich, Lucky Bitch!* you'll learn how to unlock your hidden potential for abundance and upgrade your life forever. Join Lucky Bitch author Denise Duffield-Thomas on a journey of self-discovery so you can smash through your abundance blocks and join a worldwide community of people who are learning to live large and become truly lucky bitches.

The Beach Alex Garland, 2005-07-05 The irresistible novel that was adapted into a major motion picture starring Leonardo DiCaprio. The Khao San Road, Bangkok -- first stop for the hordes of rootless young Westerners traveling in Southeast Asia. On Richard's first night there, in a low-budget guest house, a fellow traveler slashes his wrists, bequeathing to Richard a meticulously drawn map to the Beach. The Beach, as Richard has come to learn, is the subject of a legend among young travelers in Asia: a lagoon hidden from the sea, with white sand and coral gardens, freshwater falls surrounded by jungle, plants untouched for a thousand years. There, it is rumored, a carefully selected international few have settled in a communal Eden. Haunted by the figure of Mr. Duck -- the name by which the Thai police have identified the dead man -- and

his own obsession with Vietnam movies, Richard sets off with a young French couple to an island hidden away in an archipelago forbidden to tourists. They discover the Beach, and it is as beautiful and idyllic as it is reputed to be. Yet over time it becomes clear that Beach culture, as Richard calls it, has troubling, even deadly, undercurrents. Spellbinding and hallucinogenic, *The Beach* by Alex Garland -- both a national bestseller and his debut -- is a highly accomplished and suspenseful novel that fixates on a generation in their twenties, who, burdened with the legacy of the preceding generation and saturated by popular culture, long for an unruined landscape, but find it difficult to experience the world firsthand.
