**Pass CAPM in 21 Days - Easy Study Guide** Kavita Sharma,2017-01-23 Hi there,Thanks for picking up this book.A few years back when I took few batch on CAPM, I could not find any book for college students. There were only PMP books. Few books were labeled as CAPM/PMP preparation guide. However, CAPM student profile is way different from a PMP aspirant. CAPM questions are easier and test only recall-ability and applicability aspects as per Blooms Taxonomy. SO I could not understand combining the book and giving the same book to a fresher and a seasoned Project Manager. I wanted to create a study guide for CAPM aspirants keeping their expectations and examination question. I was a PMP. Still, I scheduled a CAPM exam (and Passed)- just to make sure that this book which you are reading is fully aligned with the CAPM level of questions.The book ensures that the basic principles are understood. The WHY of the questions is answered in a logical manner and you feel confident on the subject. The book uses scientific methods to help you retain the knowledge - The use of study capsules and you feel in control.
