Eric Whitacre: The Seal Lullaby Eric Whitacre,2008-08-19 The Seal Lullaby by Eric Whitacre is a delightful, deceptively simple setting in the form of a lullaby for mixed choir and accompaniment of Rudyard Kipling's poem 'The White Seal'. This full SATB (Soprano, Alto, Tenor, Bass) choral arrangement with Piano accompaniment is accurately transcribed and appears in great quality print, with easy part writing throughout, so that singing this emotive song is as easy as possible. When Eric Whitacre was commissioned to write music for an animated feature, he was so struck by the words of Kipling's lovely poem that he immediately sat down to write a calm and subtle yet musically interesting piece. Unfortunately, the song was not used, but was later commissioned by the Towne Singers, and we are pleased to offer you this Seal Lullaby sheet music.

The conference spanned an unusually wide spectrum of musical styles, including papers on European twelve-tone music after the Second World War, fourteenth-century music, pop music and jazz, the music of living composers, narrative and characterization, and the history of music theory. The title of the book reflects the large span of musical cultures that are represented within, but also accounts for the common thread through all of these essays, a strong emphasis on understanding the forms and processes of music through analysis. Orchestral "Pops" Music Lucy Manning, 2013-10-10 In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.
