Considering David Foster Wallace

Both Flesh and Not gathers fifteen of Wallace's seminal essays, all published in book form for the first time. Never has Wallace's seemingly endless curiosity been more evident than in this compilation of work spanning nearly 20 years of writing. Here, Wallace turns his critical eye with equal enthusiasm toward Roger Federer and Jorge Luis Borges; Terminator 2 and The Best of the Prose Poem; the nature of being a fiction writer and the quandary of defining the essay; the best underappreciated novels and the English language's most irksome misused words; and much more. Both Flesh and Not restores Wallace's essays as originally written, and it includes a selection from his personal vocabulary list, an assembly of unusual words and definitions.

Understanding David Foster Wallace

In David Foster Wallace: Fiction and Form, David Hering analyses the structures of David Foster Wallace's fiction, from his debut The Broom of the System to his final unfinished novel The Pale King. Incorporating extensive analysis of Wallace’s drafts, notes and letters, and taking account of the rapidly expanding field of Wallace scholarship, this book argues that the form of Wallace’s fiction is always inextricably bound up within an ongoing conflict between the monologic and the dialogic, one strongly connected with Wallace’s sense of his own authorial presence and identity in the work. Hering suggests that this conflict occurs at the level of both subject and composition, analysing the importance of a number of provocative structural and critical contexts.

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in This is Water. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

The Poorhouse Fair
Part of the Penguin Orange Collection, a limited-run series of twelve influential and beloved American classics in a bold series design offering a modern take on the iconic Penguin paperback. Winner of the 2016 AIGA + Design Observer 50 Books | 50 Covers competition. For the seventieth anniversary of Penguin Classics, the Penguin Orange Collection celebrates the heritage of Penguin's iconic book design with twelve influential American literary classics representing the breadth and diversity of the Penguin Classics library. These collectible editions are dressed in the iconic orange and white tri-band cover design, first created in 1935, while french flaps, high-quality paper, and striking cover illustrations provide the cutting-edge design treatment that is the signature of Penguin Classics Deluxe Editions today.

The Broom of the System
The “dazzling, exhilarating” (San Francisco Chronicle) debut novel from one of the most groundbreaking writers of his generation, The Broom of the System is an outlandishly funny and fiercely intelligent exploration of the paradoxes of language, storytelling, and reality.

Conversations with Lorraine Hansberry
In the stories that make up Oblivion, David Foster Wallace joins the rawest, most naked humanity with the infinite involutions of self-consciousness—a combination that is dazzlingly, uniquely his. These are worlds undreamt of by any other mind. Only David Foster Wallace could convey a father’s desperate loneliness by way of his son’s daydreaming through a teacher’s homicidal breakdown (The Soul Is Not a Smithy). Or could explore the deepest and most hilarious aspects of creativity by delineating the office politics surrounding a magazine profile of an artist who produces miniature sculptures in an anatomically inconceivable way (The Suffering Channel). Or capture the ache of love’s breakdown in the painfully polite apologies of a man who believes his wife is hallucinating the sound of his snoring (Oblivion). Each of these stories is a complete world, as fully imagined as most entire novels, at once preposterously surreal and painfully immediate.

Quack this Way
Read Free Conversations With David Foster Wallace Stephen J Burn

A collection of interviews that profiles Wallace's career of twenty years, from 1987 until his suicide in 2008, that provides insight into his development as a writer and complicated persona.

Brief Interviews with Hideous Men
A compact tour de force about sex, violence, and self-loathing from a ferociously talented new voice in fiction, perfect for fans of Sally Rooney, Rachel Cusk, Lydia Davis, and Jenny Offill. Composed almost exclusively of conversations between women--the stories they tell each other, and the stories they tell themselves, about shame and love, infidelity and self-sabotage--Topics of Conversation careens through twenty years in the life of an unnamed narrator hungry for experience and bent on upending her life. Touching upon desire, disgust, motherhood, loneliness, art, pain, feminism, anger, envy, and guilt; written in language that sizzles with intelligence and eroticism, this novel introduces an audacious and immensely gifted new novelist.

Everything and More: A Compact History of Infinity
Remarkable, hilarious, and unsettling re-imaginations of reality by "a dynamic writer of extraordinary talent" (New York Times Book Review). David Foster Wallace was one of America's most prodigiously talented and original young writers, and Girl with Curious Hair displays the full range of his gifts. From the eerily "real," almost holographic evocations of historical figures such as Lyndon Johnson and overtelevised game-show hosts and late-night comedians to the title story, in which terminal punk nihilism meets Young Republicanism, Wallace renders the incredible comprehensible, the bizarre normal, the absurd hilarious, the familiar strange.

The Broom of the System
With every work illustrated, the first opportunity to see as a whole this massive and important project by one of the great contemporary artists.

Signifying Rappers
"A gripping guide to the modern taming of the infinite."—The New York Times. With a new introduction by Neal Stephenson. Is infinity a valid mathematical property or a meaningless abstraction? David Foster Wallace brings his intellectual ambition and characteristic bravura style to the story of how mathematicians have struggled to understand the infinite, from the ancient Greeks to the nineteenth-century mathematical genius Georg Cantor's counterintuitive discovery that there was more than one kind of infinity. Smart, challenging, and thoroughly rewarding, Wallace's tour de force brings immediate and high-profile recognition to the bizarre and fascinating world of higher mathematics.
Where do you begin with a writer as original and brilliant as David Foster Wallace? Here -- with a carefully considered selection of his extraordinary body of work, chosen by a range of great writers, critics, and those who worked with him most closely. This volume presents his most dazzling, funniest, and most heartbreaking work -- essays like his famous cruise-ship piece, "A Supposedly Fun Thing I'll Never Do Again," excerpts from his novels The Broom of the System, Infinite Jest, and The Pale King, and legendary stories like "The Depressed Person." Wallace's explorations of morality, self-consciousness, addiction, sports, love, and the many other subjects that occupied him are represented here in both fiction and nonfiction. Collected for the first time are Wallace's first published story, "The View from Planet Trillaphon as Seen In Relation to the Bad Thing" and a selection of his work as a writing instructor, including reading lists, grammar guides, and general guidelines for his students. A dozen writers and critics, including Hari Kunzru, Anne Fadiman, and Nam Le, add afterwords to favorite pieces, expanding our appreciation of the unique pleasures of Wallace's writing. The result is an astonishing volume that shows the breadth and range of "one of America's most daring and talented writers" (Los Angeles Times Book Review) whose work was full of humor, insight, and beauty.

Jonathan Franzen at the End of Postmodernism

The Gospel According to David Foster Wallace is the first book to explore key religious themes - from boredom to addiction, and distraction – in the work of one of America's most celebrated contemporary novelists. In a series of short, topic-focussed chapters, the book joins a selection of key scenes from Wallace's novels Infinite Jest and The Pale King with clear explanations of how they contribute to his overall account of what it means to be a human being in the 21st century. Adam Miller explores how Wallace's work masterfully investigates the nature of first-world boredom and shows, in the process, how easy it is to get addicted to distraction (chemical, electronic, or otherwise). Implicitly critiquing, excising, and repurposing elements of AA's Twelve Step program, Wallace suggests that the practice of prayer (regardless of belief in God), the patient application of attention to things that seem ordinary and boring, and the internalization of clichés may be the antidote to much of what ails us in the 21st century.

Every Love Story Is a Ghost Story

In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are 'The Depressed Person,' a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World,' which reveals a woman's agonized consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men,' a dark, hilarious series of imagined interviews with men on the subject of their relations with women. Wallace delights in leftfield observation, mining the absurd, the surprising, and the illuminating from every situation. This collection will enthrall DFW fans, and provides a perfect introduction for new readers.
The David Foster Wallace Reader: Collects interviews given by the late award-winning novelist, short-story writer, and essayist, featuring conversations with some of the most iconic writers and thinkers of our time.

Conversations with Dana Gioia
Jonathan Franzen is one of the most influential, critically-significant and popular contemporary American novelists. This book is the first full-length study of his work and attempts to articulate where American fiction is headed after postmodernism. Stephen Burn provides a comprehensive analysis of each of Franzen's novels - from his early work to the major success of The Corrections - identifying key sources, delineating important narrative strategies, and revealing how Franzen's themes are reinforced by each novel's structure. Supplementing this analysis with comparisons to key contemporaries, David Foster Wallace and Richard Powers, Burn suggests how Franzen's work is indicative of the direction of experimental American fiction in the wake of the so-called end of postmodernism.

Conversations with David Foster Wallace
David Foster Wallace's works engage with his literary moment—roughly summarized as postmodernism—and with the author's historical context. From his famously complex fiction to essays critical of American culture, Wallace's works have at their core essential human concerns such as self-understanding, connecting with others, ethical behavior, and finding meaning. The essays in this volume suggest ways to elucidate Wallace's philosophical and literary preoccupations for today's students, who continue to contend with urgent issues, both personal and political, through reading literature. Part 1, "Materials," offers guidance on biographical, contextual, and archival sources and critical responses to Wallace's writing. The essays in part 2, "Approaches," discuss teaching key works and genres in high school settings, first-year undergraduate writing classes, American literature surveys, seminars on Wallace, and world literature courses. They examine Wallace's social and philosophical contexts and contributions, treating topics such as gender, literary ethics, and the culture of writing programs.

The Legacy of David Foster Wallace
A fully revised and expanded edition of Burn's influential guide to a central postmodern novel.

Consider the Lobster
Conversations with Dana Gioia is the first collection of interviews with the internationally known poet and public intellectual, covering every stage of his
busy, polymathic career. Dana Gioia (b. 1950) has made many contributions to contemporary American literature and culture, including but not limited to crafting a personal poetic style suited to the age; leading the revival of rhyme, meter, and narrative through New Formalism; walloping the "intellectual ghetto" of American poetry through his epochal article "Can Poetry Matter?"; helping American poetry move forward by organizing influential conferences; providing public service and initiating nationwide arts projects such as Poetry Out Loud through his leadership of the National Endowment for the Arts; and editing twenty best-selling literary anthologies widely used in American classrooms. Taken together, the twenty-two collected interviews increase our understanding of Gioia's poetry and poetics, offer aesthetic pleasure in themselves, and provide a personal encounter with a writer who has made poetry matter. The book presents the actual voice of Dana Gioia, who speaks of his personal and creative life and articulates his unique vision of American culture and poetry.

The Pale King

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America

Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human — and one of those rare books that renew the idea of what a novel can do. "The next step in fiction

Edgy, accurate, and darkly witty

Think Beckett, think Pynchon, think Gaddis. Think." — Sven Birkerts, The Atlantic

Infinite Jest

Across two decades of intense creativity, David Foster Wallace (1962-2008) crafted a remarkable body of work that ranged from unclassifiable essays, to a book about transfinite mathematics, to vertiginous fictions. Whether through essay volumes (A Supposedly Fun Thing I'll Never Do Again, Consider the Lobster), short story collections (Girl with Curious Hair, Brief Interviews with Hideous Men, Oblivion), or his novels (Infinite Jest, The Broom of the System), the luminous qualities of Wallace's work recalibrated our measures of modern literary achievement. Conversations with David Foster Wallace gathers twenty-two interviews and profiles that trace the arc of Wallace's career, shedding light on his omnivorous talent. Jonathan Franzen has argued that, for Wallace, an interview provided a formal enclosure in which the writer "could safely draw on his enormous native store of kindness and wisdom and expertise." Wallace's interviews create a wormhole in which an author's private theorizing about art spill into the public record. Wallace's best interviews are vital extra-literary documents, in which we catch him thinking aloud about his signature concerns—irony's magnetic hold on contemporary language, the pale last days of postmodernism, the delicate exchange that exists between reader and writer. At the same time, his acute focus moves across MFA programs, his negotiations with religious belief, the role of footnotes in his writing, and his multifaceted conception of his work's architecture.

Conversations with David Foster Wallace includes a previously unpublished interview from 2005, and a version of Larry McCaffery's influential Review of
In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming." Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for Infinite Jest, the novel that made him internationally famous.

They lose to each other at chess. They get iced-in at an airport. They dash to Chicago to catch a make-up flight. They endure a terrible reader's escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an "orgy of spectation"). They fly back to Illinois, drive home, walk Wallace's dogs. Amid these everyday events, Wallace tells Lipsky remarkable things—everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds him—in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him—that grateful, awake feeling—the same way he felt about Infinite Jest. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days. Although Of Course You End Up Becoming Yourself is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace's own story, and his astonishing, humane, alert way of looking at the world; here are stories of being a young writer—of being young generally—trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with and—as he tells it—what it was like to become David Foster Wallace. "If you can think of times in your life that you've treated people with extraordinary decency and love, and pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious." —David Foster Wallace

I Love You David Foster Wallace

In this exuberantly praised book—a collection of seven pieces on subjects ranging from television to tennis, from the Illinois State Fair to the films of David Lynch, from postmodern literary theory to the supposed fun of traveling aboard a Caribbean luxury cruiseliner—David Foster Wallace brings to nonfiction the same curiosity, hilarity, and exhilarating verbal facility that has delighted readers of his fiction, including the bestselling Infinite Jest.
Bernadette and Norman Smith have just celebrated their fiftieth wedding anniversary. After all these years, they are still romantic and in love. They have four children who all have children of their own. The children live in nearby Los Angeles not far from the retirement park where Bernadette and Norman are living. Of all the grandchildren she has, Bernadette has a favorite, Eddie. She and Eddie, who is a teenager when the book begins, have many interests in common. They love books, history and language. And Eddie likes to help Bernadette do small things like show her how to use an iPod. When setting up her computer he scatters his backpack belongings all over the sofa in the study. He hurriedly grabs them up when his dad says it is time to go. Bernadette thinks that the study could use a little change of décor. As she slides the sofa away from the wall she discovers a book wedged in between the wall and the sofa. The book is Infinite Jest by David Foster Wallace. On the inside cover someone has written "Eddie's Bible." Bernadette believes that Eddie has left her this treasure -- a modern translation of the Bible specifically for young people. And she begins to read it. She doesn't tell anyone about the book, but it starts to influence her decisions and beliefs. As she is beginning her senescence, her mind is aging, too, and logic is fleeing. She, in fact, is showing senility. How will the book influence her decisions about her children and grandchildren? How will it change how she copes and how she feels as old age begins to take its toll on both she and Norman. When their children have problems in their marriages and her grandchildren become unapproachable and her husband's health as well as her own begins to fail, how will "Eddie's Bible" help her, or will it at all? There are no quotes or references to Wallace's book in this novel. The novel is not based on any of his work or on any work about him. And could there be a more odd selection of novels to even refer to in this more delicate story? Perhaps you will find out why I chose that book as you read.
Finally back in print—David Foster Wallace and Mark Costello's exuberant exploration of rap music and culture. Living together in Cambridge in 1989, David Foster Wallace and longtime friend Mark Costello discovered that they shared "an uncomfortable, somewhat furtive, and distinctively white enthusiasm for a certain music called rap/hip-hop." The book they wrote together, set against the legendary Boston music scene, mapped the bipolarities of rap and pop, rebellion and acceptance, glitz and gangsterdom. Signifying Rappers issued a fan's challenge to the giants of rock writing, Greil Marcus, Robert Palmer, and Lester Bangs: Could the new street beats of 1989 set us free, as rock had always promised? Back in print at last, Signifying Rappers is a rare record of a city and a summer by two great thinkers, writers, and friends. With a new foreword by Mark Costello on his experience writing with David Foster Wallace, this rerelease cannot be missed.

Approaches to Teaching the Works of David Foster Wallace

Since its publication in 2003, Understanding David Foster Wallace has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential. A seminal text in the burgeoning field of David Foster Wallace studies, the original edition of Understanding David Foster Wallace was nevertheless incomplete as it addressed only his first four works of fiction—namely the novels The Broom of the System and Infinite Jest and the story collections Girl with Curious Hair and Brief Interviews with Hideous Men. This revised edition adds two new chapters covering his final story collection, Oblivion, and his posthumous novel, The Pale King. Tracing Wallace's relationship to modernism and postmodernism, this volume provides close readings of all his major works of fiction. Although critics sometimes label Wallace a postmodern writer, Boswell argues that he should be regarded as the nervous leader of some still-unnamed (and perhaps unnamable) third wave of modernism. In charting a new direction for literary practice, Wallace does not seek to overturn postmodernism, nor does he call for a return to modernism. Rather his work moves resolutely forward while hoisting the baggage of modernism and postmodernism heavily, but respectfully, on its back. Like the books that serve as its primary subject, Boswell's study directly confronts such arcane issues as postmodernism, information theory, semiotics, the philosophy of Ludwig Wittgenstein, and poststructuralism, yet it does so in a way that is comprehensible to a wide and general readership—the very same readership that has enthusiastically embraced Wallace's challenging yet entertaining and redemptive fiction.

David Foster Wallace: The Last Interview Expanded with New Introduction

In his startling and singular new short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Among the stories are 'The Depressed Person', a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World', which reveals a woman's agonised consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men', a dark, hilarious series of portraits of men whose fear of women renders them grotesque. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many different guises. Thought-provoking and playful, this collection confirms David Foster Wallace as one of the most imaginative young writers around. Wallace delights in leftfield observation, mining the ironic, the surprising and the illuminating from every situation. His new collection will delight his growing number of fans, and provide a perfect introduction for new readers.
Both Flesh and Not

In this elegant volume, literary critics scrutinize the existing Wallace scholarship and at the same time pioneer new ways of understanding Wallace's fiction and journalism. In critical essays exploring a variety of topics—including Wallace's relationship to American literary history, his place in literary journalism, his complicated relationship to his postmodernist predecessors, the formal difficulties of his 1996 magnum opus Infinite Jest, his environmental imagination, and the "social life" of his fiction and nonfiction—contributors plumb sources as diverse as Amazon.com reader recommendations, professional book reviews, the 2009 Infinite Summer project, and the David Foster Wallace archive at the University of Texas's Harry Ransom Center.

Fate, Time, and Language

The agents at the IRS Regional Examination Center in Peoria, Illinois, appear ordinary enough to newly arrived trainee David Foster Wallace. But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom-survival training, he learns of the extraordinary variety of personalities drawn to this strange calling. And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has. The Pale King remained unfinished at the time of David Foster Wallace's death, but it is a deeply compelling and satisfying novel, hilarious and fearless and as original as anything Wallace ever undertook. It grapples directly with ultimate questions—questions of life's meaning and of the value of work and society—through characters imagined with the interior force and generosity that were Wallace's unique gifts. Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time.

Brief Interviews with Hideous Men

A poignant and painfully funny novel about the New York art world by the acclaimed author of Although of Course You End Up Becoming Yourself For two first-class years, Joan Freeley had it all: the perfect family, the best art dealer in Manhattan, and the admiration of famous friends. Her adoring husband
Read Free Conversations With David Foster Wallace Stephen J Burn

and two handsome sons attended her first gallery show in matching khakis and blue blazers. "An Interesting Talent Makes Its Debut," declared the New York Times. Then, as if her success were nothing more than a booking error, Joan's life got downgraded. A brutal divorce led to paintings too bitter to sell and a career stuck firmly in coach. Unable to see her suffer alone any longer, Joan's teenage son Richard leaves his father and older brother in Los Angeles and moves in to her one-bedroom apartment in SoHo. At the gallery openings where she used to be a star, Richard discovers just how much his mother's light has dimmed. She is an artist who is not showing—she might as well be invisible. To acknowledge her is to acknowledge the thin line between success and failure in a world as superficial as it is intoxicating. Richard immediately devotes himself to returning his mother to her former glory. Everything about him—the clothes he wears, the jokes he makes, the college he attends—is calculated to boost Joan's reputation. But as the years go by and the galleries keep sending back her slides, Richard has to ask: Who wants Joan Freeley's resurrection more—him or her? And when will his own life start?

Oblivion

Two friends, both of them vocational snoots, sat down to film an interview in February 2006. Their subjects: language and writing. The interviewee drove more than an hour, from Claremont to downtown Los Angeles. The interviewer flew from Dallas. They spoke on film for 67 minutes and then walked uphill to a nearby seafood restaurant, where they continued the running conversation they had started five years earlier. They liked each other, and they seemed to understand each other. The rest is history. This is the last long interview with David Foster Wallace.

Although Of Course You End Up Becoming Yourself

Spanning from the debut of A Raisin in the Sun on Broadway in 1959 to her early death from cancer in January 1965, Lorraine Hansberry's short stint in the public eye changed the landscape of American theater. With A Raisin in the Sun, Hansberry (1930–1965) became both the first African American woman to have a play produced on Broadway and the first to win the prestigious New York Drama Critics' Circle Award. Resonating deeply with the aims of the civil rights movement, Raisin also ushered in a new era of Black representation on the stage and screen, displacing the cartoonish stereotypes that were the remnants of blackface minstrelsy in favor of complex three-dimensional portrayals of Black characters and Black life. Hansberry's public discourse in the aftermath of Raisin's success also disrupted mainstream critical tendencies to diminish the work of Black artists, helping pave the way for future work by Black playwrights. Conversations with Lorraine Hansberry is the first volume to collect all of her substantive interviews in one place, including many radio and television interviews that have never before appeared in print. The twenty-one pieces collected here—ranging from just before the Broadway premiere of
Read Free Conversations With David Foster Wallace Stephen J Burn

In these conversations, Hansberry explores many of the questions most often put to Black writers of the mid-twentieth century—including everything from her thinking about the relationship between art and protest, universality and particularity, and realism and naturalism, to her sense of the relationship between Black intellectuals and the Black masses, integration and Black Nationalism, and African American and Pan-African liberation. Taken together, these interviews reveal the insight, intensity, and eloquence that made Hansberry such a transformative figure in American letters.

This Is Water

“...A critical overview of the writing of David Foster Wallace, taking his persistent interests in philosophy, language and plurality as points of departure”--

A Supposedly Fun Thing I’ll Never Do Again

Presents David Foster Wallace critiques philosopher Richard Taylor’s work implying that humans have no control over the future and includes essays linking Wallace’s critique with his later works of fiction.
