**The Lake House Cookbook** Trudie Styler, Joseph Sponzo, 1999 Moving to Lake House brought back to me my childhood dream of living on a farm. Although Sting and I are both from urban working-class backgrounds, it is with some sense of returning to our roots that we have come to Lake and are trying to live off the land . . . [as] my father and Sting's father were both keen vegetable growers. Since it was built in the English countryside in the sixteenth century, spectacular Lake House had been lived in by only five families before Sting, Trudie Styler, and their children settled in. It was this sense of history that encouraged Trudie and her family to move there--that and the opportunity to grow their own food, given an active interest in the ecology of the land and concern for their family's health. Beginning by cultivating leafy greens and potatoes, along with basic fruits like apples and pears, she and her husband have lovingly transformed the property into a working organic farm, with more than sixty acres of fruits and vegetables, four types of livestock, and honey- and cheese-making facilities. The Lake House Cookbook, written with family chef Joseph Sponzo, offers a mouthwatering array of dishes based on the farm's yield. Arranged seasonally, the more than 150 recipes include soups and starters, salads and vegetable dishes, main courses, desserts and baked goods, and drinks and preserves for every occasion and for the whole family. Dishes range from Roast Chicken with Corn and Broad Beans to Rolled Lamb with Chile Sauce and Mole, Swiss Chard and Pearl Barley Soup to Sea Bass with Mushrooms and Carrots, and Rustic Open Peach Pie to Herb-Brushed Polenta Bread. And while the emphasis is on organic, the ingredients themselves are very accessible and can easily be found in some variety at local stores. Lavishly illustrated with more than 300 photographs and wonderfully spirited, The Lake House Cookbook is a celebration of good food and good living. Nestled in the English countryside, Lake House is both a stunningly beautiful English manor house and a working organic farm that is home to Sting, Trudie Styler, and their family. Illustrated with more than 300 photographs, The Lake House Cookbook celebrates a year in the life of this incredible property, offering more than 150 recipes based on the farm's yield.

*The Vermont Farm Table Cookbook: 150 Home Grown Recipes from the Green Mountain State* Tracey Medeiros, 2013-05-06 For farm-to-table cooking and dining like you've never seen it, Vermont is the place. Small, independent farms are the lifeblood of Vermont's agriculture, from the sweetcorn grower to the dairy goat farmer to the cheesemaker whose locally sourced goat milk chevre becomes the heart of a new dish by a chef in Montpelier. While this farm-to-table cycle may be a phenomenon just hitting its stride in the United States, it has long been away of life in Vermont, part of the ethos that Vermonters use to define themselves. As such, Vermont exemplifies a standard of small-scale, community-minded, unadulterated agriculture that has become a national model. When Tracey Medeiros wrote *Dishing Up Vermont* in 2008, she wanted to showcase the chefs and restaurateurs who were dazzling taste buds with their fresh, whole-food creations. With *The Vermont Farm Table Cookbook*, Medeiros has traversed the Green Mountain State once again, in search of not only those celebrated chefs but the hard-working farmers who provide them with their fresh and wholesome ingredients as well. Collecting their stories and some 125 of their delicious, rustic-yet-refined, Vermont inspired recipes, Medeiros presents an irresistible gastronomic portrait of this singular state. Classics like Vermont Cheddar Soup and exciting innovations like Ramp Dumplings or Raisin Hell Pie will send you racing to your local farmers' market in search of the ingredients. And with dishes that shout "only in Vermont," like Wood-Fired Blueberry Pizza or Beer-Battered Fiddleheads, no matter where you are

you'll want to transform your tried-and-true menus into fresh and flavorful Vermont farm table suppers. Tracey Medeiros is a freelance food writer, food stylist, and recipe developer and tester. She writes a weekly food column for the Essex Reporter and the Colchester Sun and writes the Edible Farm column for Edible Green Mountains Magazine. Medeiros is also the author of Dishing Up Vermont. She lives in Essex Junction, VT.

*The Lost Kitchen* Erin French, 2017-05-09 From the New York Times bestselling author and founder of the beloved restaurant The Lost Kitchen comes a stunning collection of 100 Maine recipes for every season. "A sensory joy . . . simple seasonal fare, creatively elevated and beautifully photographed . . . The recipes in The Lost Kitchen beckon you to keep returning for more."—The Philadelphia Inquirer Erin French grew up in Freedom, Maine (population 719), helping her father at the griddle in his diner. An entirely self-taught cook who used cookbooks to form her culinary education, she founded her acclaimed restaurant, the Lost Kitchen, in the same town, creating meals that draws locals and visitors from around the world to a dining room that feels like an extension of her home. No one can bring small-town America to life better than a native, especially when it comes to Maine, one of the country's most off-the-beaten-path states, with an abundant natural bounty that comes from its coastline, rivers, farms, fields, and woods—a cook's dream. Inspired by her lush locale and classic American cooking, Erin crafts deliciously satisfying and easy-to-make recipes such as Whole-Roasted Trout with Parsnip and Herb Hash, Maine Shrimp Rolls, Ramp and Fiddlehead Fried Rice, and Rhubarb Spoon Cake. Erin's food has been called "brilliant in its simplicity and honesty" by Food & Wine, and it is exactly this pure approach that makes her style of cooking so appealing—and so easy to embrace at home, wherever you live.

**The Chef's Garden** FARMER LEE JONES, 2021-04-27 An approachable, comprehensive guide to the modern world of vegetables, from the leading grower of specialty vegetables in the country Near the shores of Lake Erie is a family-owned farm with a humble origin story that has become the most renowned specialty vegetable grower in America. After losing their farm in the early 1980s, a chance encounter with a French-trained chef at their farmers' market stand led the Jones family to remake their business and learn to grow unique ingredients that were considered exotic at the time, like microgreens and squash blossoms. They soon discovered chefs across the country were hungry for these prized ingredients, from Thomas Keller in Napa Valley to Daniel Boulud in New York City. Today, they provide exquisite vegetables for restaurants and home cooks across the country. The Chef's Garden grows and harvests with the notion that every part of the plant offers something unique for the plate. From a perfect-tasting carrot, to a tiny red royal turnip, to a pencil lead-thin cucumber still attached to its blossom, The Chef's Garden is constantly innovating to grow vegetables sustainably and with maximum flavor. It's a Willy Wonka factory for vegetables. In this guide and cookbook, The Chef's Garden, led by Farmer Lee Jones, shares with readers the wealth of knowledge they've amassed on how to select, prepare, and cook vegetables. Featuring more than 500 entries, from herbs, to edible flowers, to varieties of commonly known and not-so-common produce, this book will be a new bible for farmers' market shoppers and home cooks. With 100 recipes created by the head chef at The Chef's Garden Culinary Vegetable Institute, readers will learn innovative techniques to transform vegetables in their kitchens with dishes such as Ramp Top Pasta, Seared Rack of Brussels Sprouts, and Cornbread-Stuffed Zucchini Blossoms, and even sweet concoctions like Onion Caramel and Beet Marshmallows. The future of cuisine is vegetables, and Jones and The Chef's Garden are on the

forefront of this revolution.

*Fermentation on Wheels* Tara Whitsitt, 2017-09-19 An enlightening and delicious road adventure/cookbook from the young woman the New York Times dubbed the Johnny Appleseed of Pickling. Three years ago, food activist Tara Whitsitt had a dream: to take to the road in a converted school bus and spread the gospel of kombucha, kimchi, and kefir nationwide. She would bring her microbe-dense delicacies, her expertise, and her generosity to food communities across the country. Her motto: Tasty food belongs to everyone. In a 1986 International Harvester bus-turned-fermentation-lab, Tara took off from Eugene, Oregon, teaching her skills to curious attendees, hosting potlucks, and sampling the seasonal produce of each stop on her tour. The project accrued a following, and she gave it a name: *Fermentation on Wheels*. Through her winning stories, illustrations, photographs, and fifty recipes, *Fermentation on Wheels* tracks the two-year, twenty-thousand mile journey that made Tara into a known apostle of outrageously delicious, creative, healthy, and sustainable fermented flavors--from sourdough to sauerkraut to wild berry wines. A practical and delectable cookbook, *Fermentation on Wheels* is also an inspiring celebration of how food traditions (and starter cultures) can bring people together, pollinate their minds, and change their lives for the better.

**Bet the Farm** Beth Hoffman, 2021-10-05 “Eloquent and detailed...precise and well-thought-out...Read her book — and listen.” — Jane Smiley, The Washington Post. Beth Hoffman was living the good life: she had a successful career as a journalist and professor, a comfortable home in San Francisco, and plenty of close friends and family. Yet in her late 40s, she and her husband decided to leave the big city and move to his family ranch in Iowa—all for the dream of becoming a farmer, to put into practice everything she had learned over decades of reporting on food and agriculture. There was just one problem: money. Half of America's two million farms made less than \$300 in 2019. Between rising land costs, ever-more expensive equipment, the growing uncertainty of the climate, and few options for health care, farming today is a risky business. For many, simply staying afloat is a constant struggle. *Bet the Farm* chronicles this struggle through Beth's eyes as a beginning farmer. She must contend with her father-in-law, who is reluctant to hand over control of the land. Growing oats is good for the environment but ends up being very bad for the wallet. And finding somewhere, in the midst of COVID-19, to slaughter grass-finished beef is a nightmare. The couple also must balance the books, hoping that farming isn't a romantic fantasy that takes every cent of their savings. Even with a decent nest egg and access to land, making ends meet at times seems impossible. And Beth knows full well that she is among the privileged. If Beth can't make it, how can farmers who confront racism, lack access to land, or don't have other jobs to fall back on? *Bet the Farm* is a first-hand account of the

perils of farming today and a personal exploration of more just and sustainable ways of producing food.
