Feb 25, 2019 · Arts-based research encompasses a range of research approaches and strategies that utilize one or more of the arts in investigation. Such approaches have evolved from understandings that life and experiences of the world are multifaceted, and that art offers ways of knowing the world that involve sensory perceptions and emotion as well as intellectual ...

Performing for the Camera (4) This is a studio art course for the advanced visual arts major that explores the relationship between performance and the camera. From the selfie, performance documentation, and directing actors, this course explores standing in front of, between, and behind the lens. For an overview of the SF State General Education program, visit our Introduction to General Education. Please note that although General Education courses are available to students in any major, registration in some sections of specific courses may ...
