The Norse colonization of North America began in the late 10th century, when Norsemen explored and settled areas of the North Atlantic including the northeastern fringes of North America. Remains of Norse buildings found at L'Anse aux Meadows near the northern tip of Newfoundland in 1960 date to approximately 1,000 years ago (carbon dating estimate ...

[Food chain virtual lab answer key](#)

The force of gravity is required to keep planets moving in elliptical orbits—otherwise, with no external forces acting on them, they would fly off into space in a straight line. Newton's second (force equals mass times acceleration, $F=ma$) and third (for every action there is an equal and opposite reaction) laws.

IB Maths Revision . There's a really fantastic website been put together to help IB students with topic revision both for during the course and for the end of Year 12 school exams and Year 13 final exams. I would strongly recommend students use this as a resource during the course (not just for final revision in Y13!)
