Spelling for Life enables teachers and students to: • learn what the common spelling coping strategies are; • gain insights into undoing poor spelling habits; • work together to reveal patterns not only in regular spelling, but also in words which on the surface seem to break the spelling rules; • practise successful spelling strategies, progressing from simple to complex words rapidly and with confidence. This new and improved edition includes updated spelling techniques as well as new chapters on orthographic mapping, spelling assessment, teaching consonant clusters well and suffixing rules. Aided by example lessons, formative assessments, unique tools, a scope and sequence, and extensive practice lists, this highly acclaimed overview of spelling succeeds in developing theory and practice in the writing system for teacher and student alike.
