The Grammar of the English Tense System

This new edition of a successful text has been thoroughly revised to make it even more accessible to those without any prior grammatical knowledge. There is greater discussion and exemplification of key terms, while essential topics are now fully introduced at the outset. There are also new sections, more diagrams and shaded boxes.

The Gift of the Magi

Advanced English Grammar

In this text, particular focus is given to functional language, with units on areas such as greetings, excuses, directions and descriptions, agreeing and disagreeing. This gives students a wider view of grammar and vocabulary in context in a variety of immediately useful everyday situations.

Intermediate Language Practice

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as

Read Book Macmillan English Grammar In Context Advanced Answer Key

the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

Gateway 2nd Edition - Build Up to B1

Practice Makes Perfect helps you put your German vocabulary and grammar skills together! You may have all the vocabulary down pat and every grammar point nailed--but without the skill of knowing how to put these elements together, communicating in your second language would be nearly impossible. Practice Makes Perfect: German Sentence Builders picks up from where other grammar books leave off, showing you the variety of structures and how to combine them to make solid sentences. And like every Practice Makes Perfect title, these books feature crystal-clear explanations, numerous realistic examples, and dozens of opportunities to practice, practice, practice!

We may all speak the same language, but getting to grips with grammar is the ultimate challenge. You could be puzzled by prepositions, confused by comparatives, or muddled over modals. Thankfully, this complete visual aid to everything in the English language sets you straight with a clear and concise format for easy understanding. The rules of English grammar are beautifully presented with eye-catching illustrations, step-by-step graphics, and straightforward explanations to help you learn. Suitable for English language learners at all levels, including experienced English speakers looking for a recap of key language points, English for Everyone: English Grammar Guide covers basic, intermediate, and advanced grammar. There is no stone left unturned when it comes to the English language. All kinds of problems are solved, including tenses, verbs, adverbs, clauses, superlatives, and questions. You are encouraged to spot patterns and sequences in language to see the similarities and develop greater understanding. After an intensive review, test yourself with a range of speaking, reading, and writing exercises to see how far you have come. This essential grammar e-guide is part of DK's English for Everyone series, an exciting and educational self-study course to build up confidence and fluency. Whether you want to improve your grammar for school, study, exams (including TOEFL and IELTS), work, or travel, this is the perfect reading companion. Series Overview: English for Everyone series teaches all levels of English, from beginner to advanced, to speakers of English as a second language. Innovative visual learning methods introduce key language skills, grammar, and vocabulary, which are reinforced with a variety of speaking, reading, and writing exercises to make the English language easier to understand and learn. The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical description. There are activities at each step, using authentic written and spoken data. Using 'real' texts

Read Book Macmillan English Grammar In Context Advanced Answer Key

avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences between descriptive, prescriptive and proscriptive approaches to the writing of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and nonstandard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

Destination C1 & C2 : Grammar and Vocabulary is the ideal grammar and vocabulary practice book for all advanced students preparing to take any C1 & C2 level exam: e.g. Cambridge CAE and Cambridge CPE.

Destination C1 & C2

With more than 50 years of teaching experience between them, Ilse Depraetere and Chad Langford present a grammar pitched precisely at advanced learners of English who need to understand how the English language really works without getting lost in the complex specifics. Now fully updated and revised throughout, the second edition of this book pulls from linguistic theory all the relevant notions that will enable the language student to fully grasp English grammar. After introducing form and function, the authors cover verbs, nouns, aspect and tense, modality and discourse. Readers are led through the underlying principles of language use, with the book presupposing only a basic grasp of linguistic terminology and focusing on the critical issues. Full of challenging exercises and supported by a companion website featuring an extensive answer key, a

Japanese Verbs & Essentials of Grammar

Our national language, and the culture from which it has formed, is the rightful inheritance of all English-speaking people. It deserves to be taught with knowledge and respect. English is now spoken, also, by more than 500 million people around the world. They need the opportunity to learn to speak and write it confidently, and correctly. Grammar provides a language to talk about language. As a mechanic needs naming words for the parts of an engine, so a student needs naming words for the components of speech and writing. This practical book provides all who learn or teach Grammar with these skills in a clear step-by-step process. It provides teachers with an armoury of learning strategies to use at all levels. Grammar should be fun to teach and fun to learn.
