The Smell of Kerosene National Aeronautics and Space Administration, Donald L. Mallick, Peter W. Merlin, 2022-11-13

This book puts the reader in the pilot's seat for a day at the office unlike any other. The Smell of Kerosene tells the dramatic story of a NASA research pilot who logged over 11,000 flight hours in more than 125 types of aircraft. Donald Mallick gives the reader fascinating first-hand description of his early naval flight training, carrier operations, and his research flying career with NASA. After transferring to the NASA Flight Research Center, Mallick became involved with projects that further pushed the boundaries of aerospace technology. These included the giant delta-winged XB-70 supersonic airplane, the wingless M2-F1 lifting body vehicle, and triple-sonic YF-12 Blackbird. Mallick also test flew the Lunar Landing Research Vehicle and helped develop techniques used in training astronauts to land on the Moon.

Radio-electronics, 1981

Ecodefense Dave Foreman, Bill Haywood, 1987

The Bizarre Careers of John R. Brinkley R. Alton Lee, 2002-12-01 Tells the story of the infamous “Goat Gland Doctor”—controversial medical charlatan, groundbreaking radio impresario, and prescient political campaigner—and recounts his amazing rags to riches to rags career. A popular joke of the 1920s posed the question, “What’s the fastest thing on four legs?” The punch line? “A goat passing Dr. Brinkley’s hospital!” It seems that John R. Brinkley’s virility rejuvenation cure—transplanting goat gonads into aging men—had taken the nation by storm. Never mind that “Doc” Brinkley’s medical credentials were shaky at best and that he prescribed medication over the airwaves via his high-power radio stations. The man built an empire. The Kansas Medical Board combined with the Federal Radio Commission to revoke Brinkley’s medical and radio licenses, which various courts upheld. Not to be stopped, Brinkley started a write-in campaign for Governor. He received more votes than any other candidate but lost due to invalidated and “misplaced” ballots. Brinkley’s tactics, particularly the use of his radio station and personal airplane, changed political campaigning forever. Brinkley then moved

his radio medical practice to Del Rio, Texas, and began operating a “border blaster” on the Mexico side of the Rio Grande. His rogue stations, XER and its successor XERA, eventually broadcast at an antenna-shattering 1,000,000 watts and were not only a haven for Brinkley’s lucrative quackery, but also hosted an unprecedented number of then-unknown country musicians and other guests.

The Radio Amateur's Handbook George Woodward,1982-12

The Ultimate Scanner Bill Cheek,1995 What's the Ultimate Scanner? A radio receiver with wires, dials, knobs, switches and meters that were never on the manufacturer's plans? A discipline that leads into the next generation el scanning? A way to have it all: to cover all the bands, all the channels and miss nothing but what you choose to exclude? A system that gives you total control over everything that comes out of your speaker? It's this book, which describes the emergence of the scanning hobby into the information and computing era, where automation adds fun, channels and functionality to radio monitoring.

The Incunabula Papers: Ong's Hat and Other Gateways to New Dimensions Version 2. 0 Joseph Matheny,1999-01-01 “...a bizarre Internet phenomenon: an “immersive” online experience—part mystery, part game, part who knows what—known as both the Incunabula Papers and Ong’s Hat. The Incunabula Papers/Ong’s Hat was, or is, a “many-threaded, open-ended interactive narrative” that “weds an alternate history of chaos science and consciousness studies to conspiracy theories, parallel dimensions, and claims that computer-mediated environments can serve as magical tools.... the documents provoked a widespread “immersive legend-trip” in the late 1990s. Via Web forums, participants investigated the documents—manifestos—which spun up descriptions of brilliant but suppressed discoveries relating to paths that certain scientists had forged into alternate realities. Soon, those haunted dimensions existed in the minds and fantasies of Ong’s Hat’s many participants. That was evident as they responded to the original postings by uploading their own—all manner of reflections and artifacts: personal anecdotes, audio recordings, and videos—to augment what became “a really immersive world, and it was vast”.

The Silent Brotherhood Kevin Flynn,Gary Gerhardt,1990 This is the terrifying story of the most dangerous radical-right hate group to surface since the Ku Klux Klan first rode a century ago. The Silent Brotherhood attracted seemingly average citizens with their call for pride in race, family, and religion and their mission to save white, Christian America from a communist conspiracy. Here is how they became criminals and assassins in their effort to establish an Aryan homeland. 8-page photo insert.

A Guide for Prescribed Fire in Southern Forests ,1973

The CB PLL Data Book Lou Franklin,1995

Screwdriver Experts GT Lou Franklin,1997-03

Cass Timberlane Sinclair Lewis, 2021-04-16 Former Congressman and now Judge Cass Timberlane is a middle-aged, incorruptible, highly respected man who enjoys good books and playing the flute. He falls for Jinny, a much younger girl from a lower class in his small Minnesota town. At first, the marriage is happy, but Jinny becomes bored with the small town and with the judge's friends. She leaves him for an affair. Lewis's nineteenth novel is an examination of marriage, love, romance, heartache and trust.

History of AFRTS, the First 50 Years, 1993

The Storyteller's Thesaurus Troll Lord Games, 2015-04-30 Writers, game designers, teachers, and students ~this is the book you've been waiting for! Written by storytellers for storytellers, this volume offers an entirely new approach to word finding. Browse the pages within to see what makes this book different:

Masséna at Bay 1811 Tim Saunders, 2021-10-13 The 1810 French invasion of Portugal, commanded by the veteran marshal André Masséna, who was known to Napoleon as the 'Spoilt Child of Victory' has been well covered by historians. Conversely, the shock revelation of the presence of the Lines of Torres Vedras barring the French Army of Portugal's way to their objective of Lisbon, and numerous combats through to the Battle of Funes de Oñoro, has been frequently and unjustifiably glossed over. This book, starting with the occupation of the Lines of Torres Vedras, which were at the heart of Wellington's Peninsular strategy from October 1809-1812, is the story of Wellington's pursuit of Masséna back to Spain. This was a time when the Peninsular Army was still being forged and Wellington was refining his own art of war. In addition, 1810-1811 was a period when the outcome of the struggle in Iberia was still far from certain, and Wellington could not manoeuvre with the same confidence in the outcome as he could in future years. The series of combats fought at Pombal, Redhina, Foz da Arounce and Sabugal while Masséna was at bay, though not categorised as 'general actions', were of the same scale and significance as those of 1808; Roliça and Vimiero. The general action at Funes de Oñoro was one of the most significant of Wellington's victories, but he confessed that 'If Bony had been here we would have been beat'.

The Monkey Wrench Gang Edward Abbey, 2011-08-19 A motley crew of saboteurs wreaks havoc on the corporations destroying America's Western wilderness in this "wildly funny, infinitely wise" classic (The Houston Chronicle). When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable. By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most popular novel, *The Monkey Wrench Gang* is an outrageous romp

with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (Lonesome Dove) once dubbed “The Thoreau of the American West” has written a true comedic classic with brains, heart, and soul that more than justifies the call from the Los Angeles Times Book Review that we should all “praise the earth for Edward Abbey!” “Mixes comedy and chaos with enough chase sequences to leave you hungering for more.”—The San Francisco Chronicle

Tom Brady Vs. Joe Montana Barry Wilner, 2018-09 This title compares classic star Joe Montana and contemporary champion Tom Brady. From leadership and accuracy to arm strength and running, chapters explore and compare each player's skills on the field. The title also features end-of-chapter fact boxes for side-by-side player comparison, as well as a glossary. It will be up to the reader to decide who is the all-time football hero.

Immerse yourself in heartwarming tales of love and emotion with Explore Love with its touching creation, Experience Love's Journey in **Betty Bearcat Frequency Guide**.
