How Everything Can Collapse Pablo Servigne, Raphaël Stevens, 2020-06-02 What if our civilization were to collapse? Not many centuries into the future, but in our own lifetimes? Most people recognize that we face huge challenges today, from climate change and its potentially catastrophic consequences to a plethora of socio-political problems, but we find it hard to face up to the very real possibility that these crises could produce a collapse of our entire civilization. Yet we now have a great deal of evidence to suggest that we are up against growing systemic instabilities that pose a serious threat to the capacity of human populations to maintain themselves in a sustainable environment. In this important book, Pablo Servigne and Raphaël Stevens confront these issues head-on. They examine the scientific evidence and show how its findings, often presented in a detached and abstract way, are connected to people's ordinary experiences – joining the dots, as it were, between the Anthropocene and our everyday lives. In so doing they provide a valuable guide that will help everyone make sense of the new and potentially catastrophic situation in which we now find ourselves. Today, utopia has changed sides: it is the utopians who believe that everything can continue as before, while realists put their energy into making a transition and building local resilience. Collapse is the horizon of our generation. But collapse is not the end – it's the beginning of our future. We will reinvent new ways of living in the world and being attentive to ourselves, to other human beings and to all our fellow creatures.

Emma's Journey, 2010 Charming illustrations and engaging photographs of New York combine to produce a compellingly original book that cannot fail to delight!

A Certain Age Beatriz Williams, 2016-06-28 The bestselling author of *A Hundred Summers* brings the Roaring Twenties brilliantly to life in this enchanting and compulsively readable tale of intrigue, romance, and scandal in New York Society, brimming with lush atmosphere, striking characters, and irresistible charm. As the freedom of the Jazz Age transforms New York City, the iridescent Mrs. Theresa Marshall of Fifth Avenue and Southampton, Long Island, has done the unthinkable: she's fallen in love with her young paramour, Captain Octavian Rofrano, a handsome aviator and hero of the Great War. An intense and deeply honorable man, Octavian is devoted to the beautiful socialite of a certain age and wants to marry her. While times are changing and she does adore the Boy, divorce for a woman of Theresa's wealth and social standing is out of the question, and there is no need; she has an understanding with Sylvo, her generous and well-respected philanderer husband. But their relationship subtly shifts when her bachelor brother, Ox, decides to tie the knot with the sweet younger

daughter of a newly wealthy inventor. Engaging a longstanding family tradition, Theresa enlists the Boy to act as her brother's cavalier, presenting the family's diamond rose ring to Ox's intended, Miss Sophie Fortescue—and to check into the background of the little-known Fortescue family. When Octavian meets Sophie, he falls under the spell of the pretty ingénue, even as he uncovers a shocking family secret. As the love triangle of Theresa, Octavian, and Sophie progresses, it transforms into a saga of divided loyalties, dangerous revelations, and surprising twists that will lead to a shocking transgression . . . and eventually force Theresa to make a bittersweet choice. Full of the glamour, wit and delicious twists that are the hallmarks of Beatriz Williams' fiction and alternating between Sophie's spirited voice and Theresa's vibrant timbre, *A Certain Age* is a beguiling reinterpretation of Richard Strauss's comic opera *Der Rosenkavalier*, set against the sweeping decadence of Gatsby's New York.
