**The Holdout** Graham Moore, 2021-05-11 NEW YORK TIMES BESTSELLER • One juror changed the verdict. What if she was wrong? From the Academy Award-winning screenwriter of *The Imitation Game* and bestselling author of *The Last Days of Night*. . . . An ID Book Club Selection • In development as a limited series starring and executive produced by Amy Adams “Exhilarating . . . a fiendishly slippery game of cat-and-mouse suspense and a provocative, urgent inquiry into American justice (and injustice) in the twenty-first century.”—A. J. Finn, #1 New York Times bestselling author of *The Woman in the Window* It’s the most sensational case of the decade. Fifteen-year-old Jessica Silver, heiress to a billion-dollar real estate fortune, vanishes on her way home from school, and her teacher, Bobby Nock, a twenty-five-year-old African American man, is the prime suspect. The subsequent trial taps straight into America’s most pressing preoccupations: race, class, sex, law enforcement, and the lurid sins of the rich and famous. It’s an open-and-shut case for the prosecution, and a quick conviction seems all but guaranteed—until Maya Seale, a young woman on the jury, convinced of Nock’s innocence, persuades the rest of the jurors to return the verdict of not guilty, a controversial decision that will change all their lives forever. Flash forward ten years. A true-crime docuseries reassembles the jury, with particular focus on Maya, now a defense attorney herself. When one of the jurors is found dead in Maya’s hotel room, all evidence points to her as the killer. Now, she must prove her own innocence—by getting to the bottom of a case that is far from closed. As the present-day murder investigation entwines with the story of what really happened during their deliberation, told by each of the jurors in turn, the secrets they have all been keeping threaten to come out—with drastic consequences for all involved.

*How Asia Works* Joe Studwell, 2013-07-02 “A good read for anyone who wants to understand what actually determines whether a developing economy will succeed.” —Bill Gates, “Top 5 Books of the Year” An Economist Best Book of the Year from a reporter who has spent two decades in the region, and who the Financial Times said “should be named chief myth-buster for Asian business.” In *How Asia Works*, Joe Studwell distills his extensive research into the economies of nine

countries—Japan, South Korea, Taiwan, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, and China—into an accessible, readable narrative that debunks Western misconceptions, shows what really happened in Asia and why, and for once makes clear why some countries have boomed while others have languished. Studwell’s in-depth analysis focuses on three main areas: land policy, manufacturing, and finance. Land reform has been essential to the success of Asian economies, giving a kick-start to development by utilizing a large workforce and providing capital for growth. With manufacturing, industrial development alone is not sufficient, Studwell argues. Instead, countries need “export discipline,” a government that forces companies to compete on the global scale. And in finance, effective regulation is essential for fostering, and sustaining growth. To explore all of these subjects, Studwell journeys far and wide, drawing on fascinating examples from a Philippine sugar baron’s stifling of reform to the explosive growth at a Korean steel mill. “Provocative . . . How Asia Works is a striking and enlightening book . . . A lively mix of scholarship, reporting and polemic.” —The Economist
