The Grecian Manifesto Ernest Dempsey, 2014-09-23

*The Omega Project* Ernest Dempsey, 2019-03-25 President John Dawkins has earned a break. After two successful terms—despite a series of political maelstroms—this humble Southern gentleman united the country behind a common purpose, strengthened America's standing throughout the world, and kept his nation safe. So, when Dawkins retires to his cabin in the Georgia woods, about the only excitement he's looking for involves romantic dinners with his girlfriend and the occasional cold beer while watching his Atlanta Falcons. Unfortunately, powerful past enemies he didn't even know he made have been waiting—waiting for their chance to exact revenge for a series of vile grudges and dubious grievances. And despite his world-class security, they've tracked Dawkins down. They drug him, kidnap him, and stash the former president all the way across the country. And they pin the crime on former secret-agent-turned archaeologist Sean Wyatt, one of the former president's closest friends. The news media, the feds, local cops—it seems everyone is hunting Sean, and he barely escapes the dragnet as he races to save his old friend. But this will be no mere rescue mission. The kidnappers, hungry for power as well as for retribution, order Sean to find them perhaps the world's deadliest secret weapon, the most lethal force in antiquity, hidden by the nations of the world for fear of its awe-inspiring destructive power. To solve the riddle and save the former president, the kidnappers give Sean just one week—an impossible task to evade a nationwide manhunt and solve the most dangerous mystery of his life. In *The Omega Project*, USA Today best-selling author Ernest Dempsey is at his most impressive. This stark, evocative puzzle, this dark thriller, is capstone storytelling. With nerve-shredding action and the precision of a master craftsman, Dempsey reminds us that, sometimes, the greatest dangers are those we think we've put behind us.

**The Milestone Protocol** Ernest Dempsey, 2020-12-27 Since the dawn of civilization, a hidden hand has gripped mankind. Operating in darkness with limitless wealth and power, this ancient Shadow Caste has controlled every major event in human history—mass migrations, revolutions, plagues, even two world wars. But now these ancient caretakers want to change the global experiment. Civilization is too successful, they believe, and our overpopulation threatens the existence of all life on earth. Their solution? To cull humanity's ever-growing herd. They've tried it before—slashing our numbers with wars

and pandemics, even propping up murderous dictators to gauge the results-but the new scale of death they desire far exceeds even their unlimited resources. What this cult seeks is supernatural intervention. And they think they may have found it in a collection of ancient stones, hidden by time and faded from memory, that together can ignite a global cataclysm to kill billions in moments. Luckily, former secret agent turned adventurer Sean Wyatt has no intention of letting this secret global cabal commit genocide. Armed to the teeth and racing across the world to stop this disaster, Wyatt and his crew will fight to the death so that, finally, humanity can live free. From the first chapter, USA Today best-selling author Ernest Dempsey grabs you and never lets go. This latest novel in the fan-favorite Sean Wyatt series will keep you guessing until the end and leave you wondering: Is this just fiction? Or could we actually face a similar dark future?

**The Jerusalem Creed** Ernest Dempsey, 2015-07-05 Could you sacrifice the lives of millions to save your daughter? When an archaeologist's daughter is abducted, he must help them find a powerful ancient relic to save her life but at the cost of millions of lives. Or is there another option? Enter Sean Wyatt. Thousands of years ago, Babylonian armies invaded Jerusalem. They ripped through the city, leaving a swath of destruction in their wake and taking almost everything Israel held sacred. Almost. Under the cover of darkness, the high priest dispatched two of his most trusted friends to the far reaches of the empire and beyond to hide three of their most powerful relics. But now the relics are being sought by a modern evil. Sean Wyatt and his band of part-time heroes are thrown into a global conspiracy that could mean the end of civilization as we know it. Race from Tennessee to England, Scotland, Bhutan, and Iran with Sean and his sidekick Tommy Schultz as they unravel ancient clues, fight their way through assassination attempts, and takes on a band of terrorists who are plotting their own kind of world war. Will Sean be able to track down the ancient relics before the terrorists? Will he save the archaeologist's daughter? Or will the killers recover one of the ancient world's most powerful and mysterious combination of artifacts? There's only one way to find out.

The Fourth Prophecy Ernest Dempsey, 2017-10-18 Washington is at a standstill, but it's not political gridlock that's paralyzed the nation's capital this time. A ruthless killer is assassinating members of Congress, leaving authorities with neither clues nor hope to stop the slaughter. Fear grips the city as the federal government grinds to a halt. So, where are former government agent Sean Wyatt and his sidekick, Tommy Schultz? They're thousands of miles away in the middle of the Mexican rain forest, leading a private mission for one of the congresswomen targeted by the murderer. The congresswoman is convinced ancient documents in her possession hold the keys to a new world-a golden age without murder, scandal, or lust for power. Sean and Tommy should be so lucky. In their quest to solve another ancient, deadly series of riddles, Sean and Tommy take on Mexican drug cartels, counterrevolutionary guerrillas, and shady mercenaries-and learn that, yet again, nothing in either the modern or the ancient world is what it appears to be. In his grittiest thriller yet, Ernest Dempsey again thrusts readers into the heart of the global criminal underworld. Swarmed by spies, shysters, and professional slayers,

Dempsey's vision of international treasure hunting would send even Indiana Jones running for retirement.

**The Boat of a Million Years** Poul Anderson, 2018-09-18 A New York Times Notable Book and Hugo and Nebula Award Finalist: This epic chronicle of ten immortals over the course of history “succeeds admirably” (The New York Times). The immortals are ten individuals born in antiquity from various cultures. Immune to disease, able to heal themselves from injuries, they will never die of old age—although they can fall victim to catastrophic wounds. They have walked among mortals for millennia, traveling across the world, trying to understand their special gifts while searching for one another in the hope of finding some meaning in a life that may go on forever. Following their individual stories over the course of human history and beyond into a richly imagined future, “one of science fiction’s most revered writers” (USA Today) weaves a broad tapestry that is “ambitious in scope, meticulous in detail, polished in style” (Library Journal).

Encyclopedia of Television Film Directors Jerry Roberts, 2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

The pages are filled with an international range of contemporary and classic cinema examples to inspire and instruct. New to this edition. New chapter on the newly popular genres of feature documentary, long-form television serials, non-linear stories, satire, fable, and docudrama. Manuscript 512 Rick Chesler, 2018-09-26 For centuries, would-be explorers have examined a document written in 1753 rumored to hold the key to locating the so-called Lost City of Z, a fortified settlement containing many treasures and built entirely of gold. Thought to be buried somewhere within the Mato Grosso region of the Amazon rainforest, the lure of the vanished riches has long proven deadly to treasure-seekers who brave the forbidding wilderness and mysterious creatures in search of it. Disgraced historian Dr. Hunter Winslow, fired from a lucrative professorship for stealing rare documents in order to gain a competitive edge over his colleagues, thinks the key to Manuscript 512 lies not in its words, but in its paper itself. The only problem is that to confirm his hypothesis means to destroy the document, something the Brazil National Library in Rio de Janeiro will never allow. But old habits die hard, and Hunter knows his way around a Special Collections room. After a brazen theft that triggers an international manhunt, the rogue historian is able to reveal the document

André Bazin, the Critic as Thinker R. J. Cardullo, 2017-01-28 André Bazin (1918-58) is credited with almost single-handedly establishing the study of film as an accepted intellectual pursuit, as well as with being the spiritual father of the French New Wave. Among those who came under his tutelage were four who would go on to become the most renowned directors of the postwar French cinema: François Truffaut, Jean-Luc Godard, Jacques Rivette, and Claude Chabrol. Bazin can also be considered the principal instigator of the equally influential auteur theory: the idea that, since film is an art form, the director of a movie must be perceived as the chief creator of its unique cinematic style. André Bazin, the Critic as Thinker: American Cinema from Early Chaplin to the Late 1950s contains, for the first time in English in one volume, much if not all of Bazin's writings on American cinema: on directors such as Orson Welles, Charles Chaplin, Preston Sturges, Alfred Hitchcock, Howard Hawks, John Huston, Nicholas Ray, Erich von Stroheim, and Elia Kazan; and on films such as *High Noon*, *Citizen Kane*, *Rear Window*, *Limelight*, *Scarface*, *Niagara*, *The Red Badge of Courage*, *Greed*, and *Sullivan's Travels*. André Bazin, the Critic as Thinker: American Cinema from Early Chaplin to the Late 1950s also features a sizable scholarly apparatus, including a contextual introduction to Bazin's life and work, a complete bibliography of Bazin's writings on American cinema, and credits of the films discussed. This volume thus represents a major contribution to the still growing academic discipline of cinema studies, as well as a testament to the continuing influence of one of the world's pre-eminent critical thinkers.

Writing, Directing, and Producing Documentary Films Alan Rosenthal, 1990 For me, working in documentary implies a commitment that one wants to change the world for the better. That says it all.--Alan Rosenthal An international documentary filmmaker with more than 60 films to his credit including the Peabody Award winner *Out of the Ashes*, Rosenthal has written the first book to address the realities facing a documentary filmmaker. Rather than dealing with theory or hardware, this book tackles the day-to-day problems of the documentary filmmaker from initial concept through distribution. Rosenthal explains in a down-to-earth manner how to approach, create, write, and direct the new documentary He emphasizes the research and writing of documentaries, from approach and structure through interviewing, narration writing, and the

complexities of editing. The organization of the book follows the process of making a film. Part 1 discusses ideas, research, and script structure; parts 2 and 3 go over preproduction and production; part 4 explores film editing and narration writing; part 5 discusses distinctive film styles; and the concluding chapter offers a perspective on the entire filmmaking process.

**City of Thorns** C. N. Crawford, 2021-08-23 I never thought I'd be singing happy birthday to myself in a dungeon. And yet when a sinfully sexy demon crashes happy hour, that's exactly what happens. He's known as the Lord of Chaos, and he's mistaken me for my succubus doppelgänger. Happy birthday to me. When he tastes my blood, he finally understands I'm mortal. And I realize we have something in common: we both crave revenge. So we make a deal: I can stay in the forbidden city to hunt for my mom's killer. In return, I'll help him get the vengeance he craves. I just have to pose as a sexy succubus. One problem--he's my number one suspect. And that's increasingly hard to remember as he teaches me my role: seduction. With each heated touch I drift further into peril. And if I fall under his seductive spell, death awaits me. I flew through this book... Hot demon lord-check. Action-check. Romance-check. And there's spice! If you love my books, you definitely want to read this one. -Laura Thalassa
